Chapter-4 Birds

Write answer the following in class work copy. I

Q.) What makes wading birds different from birds that swim? Give examples for each.

Ans-the wading birds do not swim but wade through water. they have long slender legs that allow them to walk slowly through water without getting wet. e.g cranes and sandpiper

f) How are flight less birds different from other birds?

Ans - Flightless birds are different from other birds as they cannot fly due to their heavy body and small wing bones.
